COLE KYLE

Project Manager, Capital Trade Inc.

Telephone: 202.955.6804 Fax: 202.463.1855

EDUCATION

2000 B.A., Political Science, University of Missouri, Columbia, Missouri (Honors Graduate, Phi Beta Kappa, Golden Key National Honor Society)

EXPERIENCE

As a Project Manager with Capital Trade, Incorporated, Mr. Kyle's background encompasses international trade regulations focusing on antidumping and countervailing investigations and administrative reviews. Mr. Kyle's expertise includes antidumping duty methodology concentrating on complex margin analyses utilizing SAS computer programming. Mr. Kyle's expertise also includes countervailing duty methodology centering on developing economies and indirect subsidies.

Mr. Kyle joined Capital Trade after working over four years at the U.S. Department of Commerce as a Senior Import Compliance Specialist/Import Compliance Specialist. While at the Department of Commerce, Mr. Kyle was awarded Certificates of Recognition for outstanding casework, nominated for the Naomi P. Warbasse Award for most outstanding new International Trade Administration employee, and a member of the team awarded a Gold Medal by the Secretary of Commerce for outstanding work on several antidumping and countervailing duty investigations.

International Trade Regulatory and Economic Analysis

Mr. Kyle has direct experience in the following areas involving international trade regulatory and economic analysis:

- Analyzes underlying market factors and economic conditions influencing relative pricing patterns.
- Analyzes government intervention in the market.
- Performs financial, policy, legal, and quantitative analyses of sales, cost of production, and capital structure.
- Develops and reviews SAS margin programs.

- Prepares for on-site Department of Commerce audits of sales, cost of production, and financial data.
- Drafts comments submitted before the Department of Commerce and adjudicating legal bodies involving highly complex legal and regulatory matters which synthesize quantitative and qualitative analysis.
- Advises on Customs matters related to cash deposit and liquidation issues concerning merchandise subject to antidumping and countervailing duty orders.

Computer Applications: Programming, Languages, and Software

Mr. Kyle has direct experience in the following computer languages, applications, and software:

- SAS for Windows
- SAS for mainframes
- Microsoft Excel (including programming in Visual Basic)
- Lotus 1-2-3
- WordPerfect
- Multitude of Windows applications (e.g., PowerPoint, Word)
